

# TECHNICAL DATA SHEET

## 0W-20 ECO FE

Fully synthetic fuel efficient engine oil

Product code: U238

### Product Description:

0W-20 ECO FE is formulated to meet the extraordinary demands of high engine protection at a fuel-efficient low viscosity. It is produced using the highest quality synthetic base stocks together with state of the art additive chemistry. FE 0W-20 ECO provides significant fuel saving benefits, exhibits outstanding thermal and oxidative stability and excellent protection against corrosion and black sludge.

### Benefits:

- Provides significant reductions in fuel consumption
- Superior oxidative stability
- Excellent low temperature fluidity
- High thermal stability
- Outstanding wear protection
- High level of shear stability

### Application:

0W-20 ECO FE is strongly recommended for many of the latest petrol engines in Honda, Toyota, Mazda and Suzuki vehicles. It can also be used where an SAE 0W-20 meeting the following API or ILSAC specifications is called for.

### Product Specification:

API	SN, SN-RC
ILSAC	GF-5

### Typical Test Data:

Density @ 15°C	0.847
Kinematic Viscosity @ 100°C (cSt)	8.1
Kinematic Viscosity @ 40°C (cSt)	42.2
Viscosity Index	170
Pour Point (°C)	-43
Sulphated Ash (% wt)	0.80
Flash Point COC (°C)	215

### Health & Safety:

Please refer to the health and safety data sheet, a copy of which is freely available to all of our customers.
